High-Speed Internet Access

Avalon has partnered with Single Digits to bring high-speed internet and WiFi services to our residents pre-installed at move-in, providing immediate, top quality service at a competitive cost.

- Each home includes standard internet service speeds of up to 940 Mbps / 940 Mbps wired connection
- WiFi coverage in your apartment and common areas
- Over-the-air (OTA) channels included
- \$65 per month bundled with your rent statement
- Instant internet access upon move-in
- No installation appointment or fees
- No separate monthly bills

**Single Digits is the selected internet service provider. Exact internet speeds may vary due to factors, such as device limitations and whether you're using a wired or wireless connection. For best results, connect directly to the wall port with an ethernet cable and device capable of the speeds.*
