At AvalonBay Communities, we have made it a corporate priority to evaluate and implement practices that promote the efficient use of natural resources in the design, construction and operation of our apartment communities and corporate offices from coast to coast.

We strive to reduce our impact on the environment, and we believe that promoting sustainable practices is vital to our success as an organization. By ensuring that ecologically responsible practices are integrated into our long-term strategy, we can protect the environment while enhancing the lives of our residents.

Smart design.
Smarter savings.

Eco-friendly design is also people friendly. And both are important to us. Our apartment homes are designed with sustainability in mind, so you can live in an environment that’s lighter on the planet and its resources.

Energy Efficiency
- Programmable thermostats in apartments
- Fluorescent or LED lighting in place of incandescent in common areas and parking garage
- Energy-efficient windows
- Energy Star appliances

Water Usage
- High-efficiency toilets in common areas and back of house
- Low-flow shower heads, bath and kitchen faucets in apartments & common areas
- Native, non-invasive plant species used on grounds

Low-Flow, Drip or Smart Irrigation Systems

Transportation, Re-Use & Air Quality
- Low-VOC carpet, low-VOC paint
- Low-VOC adhesives and sealants
- 100% smoke-free living
- Mass transit nearby
- Recycling program for residents
- Known Walkscore for community: 83
- Convenient Bicycle Storage
