

Smart design. Smarter savings.

Eco-friendly design is also people friendly. And both are important to us. Our apartment homes are designed with sustainability in mind, so you can live in an environment that's lighter on the planet and its resources.

GreenLiving apartment home features:

- ENERGY STAR® certified community
- First NAHB Research Center green certified apartment rental community in the Northeast U.S.
- One of the largest brownfield remediations in Long Island's history
- Indigenous and drought-resistant landscaping
- Permeable grass pavers to enhance stormwater management
- Energy efficient lighting, appliances and HVAC equipment
- Low-VOC paints, carpets and adhesives to enhance air quality
- LED pool lighting
- On-site recycling program

Visit AvalonGreenLiving.com for more information about our sustainability efforts.

AVALON

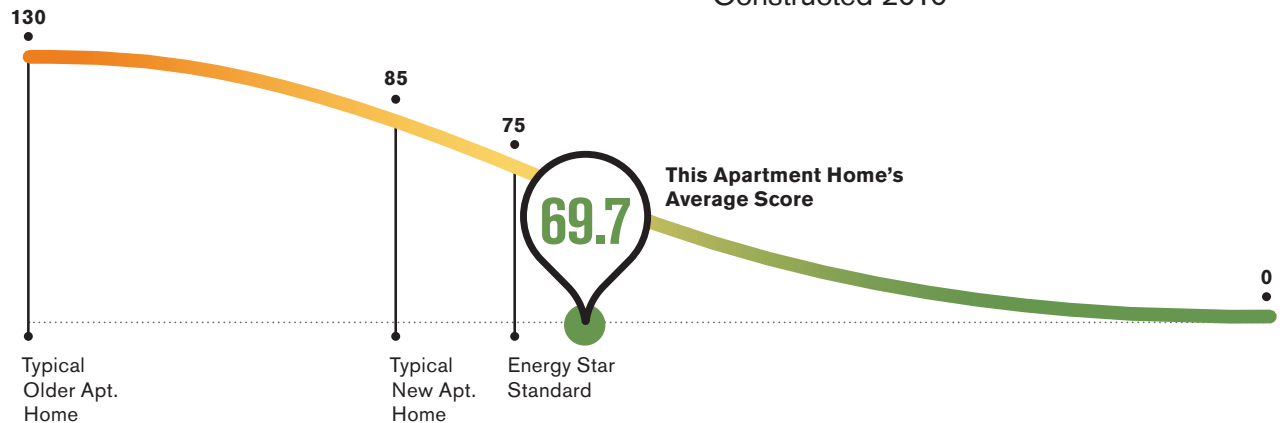

Estimated annual energy use
